1923 MEMORIAL HIGH SCHOOL BRICK PROJECT

Own A Piece of St. Marys History

When the original 1923 building of St. Marys Memorial High School is taken down in the Fall of 2010, the St. Marys Memorial High School Alumni Foundation has been guaranteed bricks from the building. These bricks will be turned into a memorable keepsake for all those who have been associated with our dear Memorial.

Much like the example pictured on the pre – order form attached, the bricks will be glued on to a high quality wooden platform. Above the brick will be a pencil drawing of the 1923 building protected by clear acrylic. The drawing will be done by local artist and Memorial High School Alumnus, Mrs. Marjorie Stienecker.

At this time the Alumni Foundation is accepting pre – orders for the 1923 Memorial High School Brick Project. The projected cost of this piece of history will be \$50.00 plus shipping and handling, if needed. Once the 1923 building is down and the bricks are secured, the production of the final product will begin. The projected availability of the final product is late winter to early spring of 2011.
